

# Teaching and Learning Policy

## September 2020

### 1 Introduction

- 1.1 The purpose of this policy is to support the implementation of high quality teaching and learning. We see teaching and learning as part of our core business in order to ensure that all children make the best progress possible and attain high standards. Effective teaching and learning is part of a whole school pedagogy informed by the effective implementation of:

### 2 Effective Teaching and Learning

- 2.1 We are committed to providing a learning environment in which all pupils are challenged through high quality teaching, supported by excellent pastoral care. We believe that a truly excellent school is about more than academic achievement: it is about developing a passion for learning, a capacity for independent and critical thinking, self-awareness and resilience, self-confidence and genuine interests that extend beyond the confines of the classroom.
- 2.2 Effective teaching and learning:
- Enables pupils to acquire new knowledge and make good progress according to their ability so that they increase their understanding and develop their skills;
  - Fosters self-motivation, the application of intellectual, physical and creative effort, interest in their work and the ability to think and learn for themselves;
  - Involves well planned learned sequences and lessons utilising effective teaching methods, activities and management of time;
  - Shows a good understanding of the aptitudes, needs and prior attainment of pupils; ensuring that these are taken into account when planning learning;
  - Demonstrates good knowledge and understanding of the subject matter being taught;
  - Utilises effective classroom resources of good quality, quantity and range;
  - Implements effective assessment strategies to inform teaching and impact on pupil progress;
  - Develops meta-cognitive strategies;
  - Utilises effective strategies for managing behaviour and encouraging pupils to act responsibly;
  - Supports the promotion of British values, including democracy, the rule of law, individual liberty, mutual respect and tolerance of those with different faiths and beliefs; and
  - Promotes diversity and equality.
- 2.3 The impact of quality teaching and learning is ultimately tested through the progress that pupils make and the outcomes they achieve.

2.4 Through an excellent education we aim to:

### Deliver Academic Excellence

Deliver excellent academic outcomes through outstanding teaching

### Develop Character

Develop the character traits that enable every pupil to achieve in a range of contexts

### Nurture a Global Perspective

Prepare pupils for an ever changing world, with a global mindset and a respect for diversity

## 3 Personalised Learning Model

3.1 We have a model of teaching and personalised learning (below). This is a simple way of articulating what works based on a broad base of research and evidence. The model is a construct rather than a prescription of how to teach.

3.2 We define 'personalised learning' as: high quality teaching approaches, underpinned by the use of assessment and other evidence, to inform individualised intervention that maximise the progress of every child.

3.3 The personalised learning model can be summarised in the diagram below:

## 4 Responsibility

4.1 All staff are responsible for ensuring this policy is implemented and acted on. When evaluating the use and impact of this policy, our school leaders will evaluate the extent to which there is evidence of:

- The impact of teaching on academic attainment and progress; and
- The impact of teaching on pupil engagement and passion for learning, capacity for independent and critical thinking, self-awareness and resilience and self-confidence.

## 5 Evaluating the Quality of Teaching

5.1 Every teacher is expected to evaluate the impact of their teaching in order to continue improving as a reflective professional. We support the view that the very best teachers constantly seek improvement and want to continually develop their skill as expert teachers.

- 5.2 Knowing about the whole school quality and effectiveness of teaching is a core responsibility of school leaders. Ultimately, this responsibility rests with the Headteacher. The evaluation of teaching is undertaken through the involvement of a range of leaders and teachers. In evaluating, the following questions are asked:
- How effective is teaching? How do we know?
  - What impact is teaching having on learning and progress? What is our evidence?
  - What do we need to do next to improve further?
- 5.3 Any evaluation of teaching takes account of the impact of 'teaching over time', utilising a best fit approach which draws on a range of evidence, such as work scrutiny, lesson observation, analysis of data and/or feedback from pupils.

### **Addendum - Online Teaching and Learning**

In the event of school closures for safety reasons, teaching and learning will take place online. The framework for this is set out below:

#### **Early Years and Yellow Room**

- The children will have several activities uploaded to Seesaw every day.
- There will be 1 English, 1 Maths and 1 PE activity uploaded daily.
- There will be a variety of other activities available for the children to complete if they wish, including subjects such as drama, phonics, PSHE, art, dance and music.
- Teachers will feedback to students about their work through Seesaw.
- The children will have one live online session a day in small groups, where they will take part in a short, planned activity led by a teacher.
- Parents will be contacted every fortnight to discuss how their child is progressing and to gain feedback about the online teaching and learning experience. Parents will also receive a survey about this.
- The framework is subject to change based upon parental and teacher feedback.

#### **Lower and Upper House**

- The children will have assignments uploaded onto Microsoft Teams every day.
- The assignments will consist of an input, such as a video or a powerpoint, and then a task to complete. Teachers will live video call the children in small groups at timetabled points throughout the allocated lesson time to discuss their work.
- Children will receive written or verbal feedback about their work.
- There will be one PE video lesson be uploaded each day. In addition to this, there will be a selection of other activities which they can choose to complete, including subjects such as art, humanities, science, drama, dance and music.
- The children will have one live wellbeing session each day in small groups.
- Parents will be contacted every fortnight to discuss how their child is progressing and to gain feedback about the online teaching and learning experience. Parents and children in Year 3 and above will also receive a survey about this.
- The framework is subject to change based upon feedback from the children, parents and teachers.
